

All applicants must provide answers to the application questions in GrantEase and upload the following documents:

- A draft subgrant agreement (with the required terms provided in LSC's Subgrant Agreement Template); and
- A subgrant budget (using LSC's Subgrant Budget Template).

Applicants seeking to subgrant to a new subrecipient that is not a current LSC grantee or applying to renew a subgrant with an organization that is not a current LSC grantee in a year in which the applicant was not already required to submit the documents listed below as a part of an application to subgrant LSC Basic Field funds, must also upload:

- The subrecipient's accounting manual;
- The subrecipient's most recent audited financial statements;
- The subrecipient's current cost allocation policy (if not in the accounting manual);
- The subrecipient's 45 CFR 1635.3(c) recordkeeping policy (if not in the accounting manual).

A list of subgrant application questions, the Subgrant Agreement Template, and the Subgrant Budget Template are available on LSC's website at <http://www.lsc.gov/grants-grantee-resources/grantee-guidance/how-apply-subgrant>.

LSC encourages applicants to use LSC's Subgrant Agreement Template as a model subgrant agreement. If the applicant does not use LSC's Template, the proposed agreement must include, at a minimum, the substance of the provisions of the Template.

Once submitted, LSC will evaluate the application and provide applicants with instructions on any needed modifications to the submitted documents or Draft Agreement provided with the application. The applicant must then upload a final and signed subgrant agreement through GrantEase by the date requested.

As required by 45 CFR 1627.4(b)(3), LSC will inform applicants of its decision to disapprove, approve, or request modifications to the subgrant no later than the subgrant's proposed effective date.

Dated: August 12, 2021.

**Stefanie Davis,**

*Senior Assistant General Counsel.*

## NUCLEAR REGULATORY COMMISSION

[NRC-2021-0133]

### Use of ARCON Methodology for Calculation of Accident-Related Offsite Atmospheric Dispersion Factors

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Draft regulatory guide; request for comment.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is issuing for public comment draft regulatory guide (DG), DG-4030, "Use of ARCON Methodology for Calculation of Accident-Related Offsite Atmospheric Dispersion Factors." This proposed new regulatory guide (RG) describes an approach for reactor applicants and licensees for determining atmospheric relative concentration ( $\chi/Q$ ) values in support of modeling onsite releases to offsite boundaries from a design-basis accident. Also, this proposed guidance implements the methodology in RG 1.194, "Atmospheric Relative Concentrations for Control Room Radiological Habitability Assessments at Nuclear Power Plants," for offsite dose locations at boundaries.

**DATES:** Submit comments by September 16, 2021. Comments received after this date will be considered if it is practical to do so, but the NRC is able to ensure consideration only for comments received on or before this date. Although a time limit is given, comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time.

**ADDRESSES:** You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal Rulemaking website:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2021-0133. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: [Stacy.Schumann@nrc.gov](mailto:Stacy.Schumann@nrc.gov). For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *Mail comments to:* Office of Administration, Mail Stop: TWFN-7-A60M, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, ATTN: Program Management, Announcements and Editing Staff.

For additional direction on accessing information and submitting comments,

see "Obtaining Information and Submitting Comments" in the **SUPPLEMENTARY INFORMATION** section of this document.

#### FOR FURTHER INFORMATION CONTACT:

Jason White, Office of Nuclear Reactor Regulation, telephone: 301-415-3212, email: [Jason.White@nrc.gov](mailto:Jason.White@nrc.gov), Kevin Quinlan, Office of Nuclear Reactor Regulation, telephone: 301-415-6809, email: [Kevin.Quinlan@nrc.gov](mailto:Kevin.Quinlan@nrc.gov), or Harriet Karagiannis, Office of Nuclear Regulatory Research, telephone: 301-415-2493, email: [Harriet.Karagiannis@nrc.gov](mailto:Harriet.Karagiannis@nrc.gov). All are staff of the U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

#### SUPPLEMENTARY INFORMATION:

##### I. Obtaining Information and Submitting Comments

###### A. Obtaining Information

Please refer to Docket ID NRC-2021-0133 when contacting the NRC about the availability of information regarding this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2021-0133.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to [pdr.resource@nrc.gov](mailto:pdr.resource@nrc.gov).

- *Attention:* The PDR, where you may examine, and order copies of public documents, is currently closed. You may submit your request to the PDR via email at [pdr.resource@nrc.gov](mailto:pdr.resource@nrc.gov) or call 1-800-397-4209 or 301-415-4737, between 8:00 a.m. and 4:00 p.m. (ET), Monday through Friday, except Federal holidays.

###### B. Submitting Comments

The NRC encourages electronic comment submission through the Federal Rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC-2021-0133 in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <https://www.regulations.gov> as well as enter the

comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

## II. Additional Information

The NRC is issuing for public comment a DG in the NRC's "Regulatory Guide" series. This series was developed to describe methods that are acceptable to the NRC staff for implementing specific parts of the agency's regulations, to explain techniques that the staff uses in evaluating specific issues or postulated events, and to describe information that the staff needs in its review of applications for permits and licenses.

This DG, identified by its task number, DG-4030, titled, "Use of ARCON Methodology for Calculation of Accident-Related Offsite Atmospheric Dispersion Factors," is a proposed new RG 4.28 (ADAMS Accession No. ML21165A005). This proposed new RG 4.28 provides guidance to industry for complying with and implementing the NRC requirements by endorsing the use of the ARCON computer code to calculate offsite dispersion values out to distances of 1,200 m (3,937 ft) that could include the exclusion area boundary and/or low-population zone.

RG 1.194 (ADAMS Accession No. ML031530505) endorses the use of the ARCON96 computer code for calculating accident-related onsite (control room and technical support center) atmospheric dispersion values which are direct inputs to habitability dose assessments. In addition, RG 1.145, "Atmospheric Dispersion Models for Potential Accident Consequence Assessments at Nuclear Power Plants" (ADAMS Accession No. ML12216A014), provides the present methodology incorporated into the PAVAN computer code, as reviewed by the staff using NUREG-0800 at <https://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr0800/index.html> (ADAMS Accession No. ML070810350), SRP Section 2.3.4 for calculating accident-related related, offsite atmospheric dispersion values.

RG 4.28 will provide new guidance for applicants and licensees subject to Part 50 of title 10 of the *Code of Federal Regulations* (10 CFR), "Domestic Licensing of Production and Utilization Facilities"; 10 CFR part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants"; and 10 CFR part 100, "Reactor site criteria."

The staff is also issuing for public comment a draft regulatory analysis (ADAMS Accession No. ML21165A007). The staff develops a regulatory analysis to assess the value of issuing or revising a regulatory guide as well as alternative courses of action.

## III. Backfitting, Forward Fitting, and Issue Finality

Issuance of DG-4030, if finalized, would not constitute backfitting as that term is defined in 10 CFR 50.109, "Backfitting" and as described in NRC Management Directive (MD) 8.4, "Management of Backfitting, Forward Fitting, Issue Finality, and Information Requests"; constitute forward fitting as that term is defined and described in MD 8.4; or affect issue finality of any approval issued under 10 CFR part 52. As explained in DG-4030, applicants and licensees are not required to comply with the positions set forth in DG-4030.

Dated: August 10, 2021.

For the Nuclear Regulatory Commission.

**Ronaldo V. Jenkins,**

*Acting Chief, Regulatory Guidance and Programs Management Branch, Division of Engineering, Office of Nuclear Regulatory Research.*

## POSTAL REGULATORY COMMISSION

[Docket No. CP2021-127; Order No. 5955]

### Competitive Price Adjustment

**AGENCY:** Postal Regulatory Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission is recognizing a recently filed Postal Service document with the Commission concerning time-limited changes in rates of general applicability for competitive products. The changes are scheduled to take effect October 3, 2021, and would roll back to current levels on December 26, 2021. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

**DATES:** Comments are due: August 25, 2021.

**ADDRESSES:** Submit comments electronically via the Commission's

Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

**FOR FURTHER INFORMATION CONTACT:** David A. Trissell, General Counsel, at 202-789-6820.

### SUPPLEMENTARY INFORMATION:

#### Table of Contents

- I. Introduction and Overview
- II. Initial Administrative Actions
- III. Ordering Paragraphs

#### I. Introduction and Overview

On August 10, 2021, the Postal Service filed notice with the Commission concerning time-limited changes in rates of general applicability for Competitive products.<sup>1</sup> The Postal Service represents that, as required by 39 CFR 3035.102(b), the Notice includes an explanation and justification for the changes, the effective date, a schedule of the changed rates, and a schedule showing current prices that shall be restored. See Notice at 1. The changes are scheduled to take effect on October 3, 2021, and will roll back to current levels on December 26, 2021. *Id.*

Attached to the Notice is Governors' Decision No. 21-5, which states the new prices are in accordance with 39 U.S.C. 3632 and 3633 and 39 CFR 3035.102.<sup>2</sup> The Governors' Decision provides an analysis of the Competitive products' price changes intended to demonstrate that the changes comply with 39 U.S.C. 3633 and 39 CFR part 3035. Governors' Decision No. 21-5 at 1. The attachment to the Governors' Decision sets forth the price changes and includes draft Mail Classification Schedule (MCS) language for Competitive products of general applicability, as well as the MCS sections with the prices that will be restored on December 26, 2021. No price changes are being made to Special Services or International Competitive products. *Id.* at 3.

The Notice also includes an application for non-public treatment of the attributable costs, contribution, and cost coverage data in the unredacted version of the annex to the Governors'

<sup>1</sup> USPS Notice of Time-Limited Changes in Rates of General Applicability for Competitive Products, August 10, 2021 (Notice). Pursuant to 39 U.S.C. 3632(b)(2), the Postal Service is obligated to publish the Governors' Decision and record of proceedings in the **Federal Register** at least 30 days before the effective date of the new rates.

<sup>2</sup> Notice, Decision of the Governors of the United States Postal Service on Changes in Rates of General Applicability for Competitive Products (Governors' Decision No. 21-5), at 1 (Governors' Decision No. 21-5).
